Thomas E. Wilson

**T**HOS. E. WILSON, Wilson, Illinois, owner of the famous Edellyn Farms and Shorthorn herd has been a leader of the industry for more than a quarter of a century. During that time no other herd has produced as many International grand champions, no herd has produced more successful sires for other breeding establishments and no man has exerted a more powerful influence toward the advancement of the breed as a whole.\*

*\*From "Builders of The Breed" . . . The Shorthorn World, August 25, 1943.*

*When the series entitled "Builder of The Breed" was started in the breed magazine in 1943, the first man to be so honored was Thos. E. Wilson. Fifteen years later, it may be said again without fear of contradiction, "No man has exerted a more powerful influence toward the advancement of the breed as a whole."*

# Opportunities Unlimited

Reputation, like character, cannot be developed overnight. For nearly half a century the Edellyn Herd has held the leading position in the Shorthorn business and the name "Edellyn" has stood for everything that is good in the beef cattle world. That necessity causes the closing-out of this herd is a great misfortune, yet the scattering of its history-making members cannot help but improve the breed in all parts of North America.

Never before in the history of the Shorthorn breed in North America has such a sale occurred! Founded by Thos. E. Wilson, the Edellyn Herd is known and respected throughout the entire world. No herd has equalled its record for the production of improving seed stock. No herd has done more for the beef cattle industry. Edellyn Shorthorns are to be found in every state, every Canadian province and many foreign countries, always with enviable records of performance.

In the years to come, will you be able to point out to visitors those animals that are descended from Edellyn seed? Will you be able to say, "I established this family through purchases in the Edellyn Dispersion"? Here is your opportunity . . . **your final opportunity!**

The supply is large. The bull offering contains more prospective "greats" than any sale in Edellyn history . . . and remember, this is the last chance to buy and use an Edellyn herd bull, acknowledged everywhere as the greatest improvers in the beef cattle world.

A total of 130 mature females are to be sold and approximately 30 of the cows will sell with their calves at foot. It is common knowledge that every female at Edellyn is backed by history-making performance. Although the produce of this herd has been marketed through annual auctions regularly, no herd in the world has been maintained under a stricter replacement program. A substantial number of the top females have gone back into the herd each year. New females, the tops from the greatest herds in Scotland and North America, have been added annually. Always the Edellyn Herd has been maintained with an eye to the future. It is at its peak today.

Need we say more? For new breeders this is the opportunity to start at the point of improvement that it has taken a master breeder nearly half a century to reach. For already well established breeders, this is the opportunity to improve through the addition of time-tested seed.

*Hal Longley*

Publisher, The Shorthorn World

The Edellyn kind. The two heifers in the center with heads facing the camera are Edellyn Dorothy 32nd (Lot 53-B) and Edellyn Bonny Rothes 11th (Lot 88).

Although this sale is being held under circumstances which we regret, our feelings toward Shorthorn breeders will never change and again we will be glad to greet all of our friends at Edellyn Farms on June 2nd.

The Shorthorn herd at Edellyn has been an important part of our lives. Each member of this family has participated in the planning, each has learned the thrill of watching the development of fine animals and each has learned to love and respect all others who are engaged in this fascinating and vital vocation. Greatest satisfaction has come from the fact that Edellyn-bred Shorthorns have performed properly for those who have acquired them and from the knowledge that this institution has played a leading role in the improvement of beef cattle the world over.

We are proud of the fact that breeders everywhere share a feeling of co-ownership in the things that make Edellyn. This feeling prompted the decision to disperse the herd through a public auction rather than to sell privately. The opportunities to share the animals that have been responsible for holding Edellyn in its position of leadership will be equal to all . . . and a part of each of us will go along with every herd member.

# *Terms... Conditions... Guarantee*

1. The terms of this sale are cash.
2. Each animal will be at purchaser's risk as soon as bid off but will not be delivered until settlement has been made. Cattle will be cared for and loaded on cars or trucks free of charge, but at purchaser's risk of loss or injury. All cattle must be removed within 14 days unless special arrangements are made with the management of Edellyn Farms.
3. The Edellyn Herd has a 40 year record of good health. A signed statement from Dr. E. A. Woelffer, specialist in sterility and pregnancy problems, appears on page 9 and provides evidence of the present health of the herd. The herd is Federally Accredited for Tuberculosis and calfhood vaccination for Bangs Disease has been practiced regularly for many years. All animals successfully passed the annual Federal test for Tuberculosis during the period from March 26 to 29, 1958. All bulls and all mature females have been tested for Bangs Disease within 30 days of the date of the sale. For heifers too young to be tested, certificates of vaccination will be provided. Health certificates issued by a qualified Illinois State Veterinarian for each animal sold will also be provided.
4. A certificate of registry and transfer will be furnished for all animals and properly signed applications will be furnished for the registry of all unborn calves.
5. The Edellyn Herd is backed by an enviable reputation gained through good management and honest business practices. The pedigrees are correct and the cattle are healthy.
6. Nearly every cow in the herd has a calf at foot or shows every evidence of being in calf. A final examination for pregnancy will be made by Dr. Woelffer 12 days prior to the sale and the results of these examinations will be printed and handed to each prospective buyer on sale day.
7. As this is a dispersion sale, no guarantee will be given except in the cases of the eight herd bulls that are presently in heavy service, namely, Balbithan Emperor (Lot 1), Bapton Craftsman (Lot 2), Edellyn Brave Knight (Lot 3), Tolquhon Keynote (Lot 4), Louada Grand Duke (Lot 5), Edellyn Superb Mercury (Lot 6), Edellyn Emperor (Lot 7), and Bellevue Bulldozer (Lot 8). The owner will guarantee the above named bulls to be breeders if they are maintained in as good condition as when purchased. In case they fail to prove breeders, notice must be given within six months of the date of this auction sale. The purchase price, without interest, will be refunded in case the above named bulls fail to meet the guarantee and the disposal of these animals will be at the option of the seller.
8. Announcements from the auction box will take precedence over matter printed in this catalog.
9. The above terms and guarantee constitute a contract between Thomas E. Wilson, the seller, and the buyer of each lot. Neither the Sale Manager, the persons delegated as clerks, the farm manager nor any other person has authority to alter the terms of that contract nor do any of them assume any liability, legal or otherwise.
10. All persons who attend this sale do so at their own risk and the owner assumes no liability, legal or otherwise, for any accidents that may occur.

## *All of the old and all of the new . . .*

Although the best of each year's crop of females at Edellyn have gone back into the herd to insure its strength, Edellyn management has not been content to limit its progress to this practice alone. Eager to take advantage of improvement wherever it has appeared, Edellyn each year has added new females . . . the best from Scotland and North America. Thus new blood has been infused and new heights of quality have been reached. This is a dispersion . . . the old proven lines of blood, the new blood, and blends of both will be available . . . all backed by the name and reputation of **Edellyn**.

## *About the horn brand index . . .*

This herd may be inspected at Edellyn Farms any time between now and the day of the sale. To enable visitors to identify the different animals without guidance, all mature females have been horn branded. An index to these horn brands appears on page 170 of this catalog. On Sunday, June 1st, the day that has been set aside for public inspection, all animals in the herd, including calves, will bear hip numbers that conform to the catalog. We urge all prospective buyers to inspect the herd before sale day since the sale will start at 9:30 a.m. (Central Daylight Savings Time) on Monday, June 2nd.

## *About the health of this herd . . .*

"It has been my privilege to cooperate with the management of Edellyn Farms in maintaining the breeding health of the herd for the past five years. At present the herd is in excellent breeding condition and to the best of my knowledge free of infection and venereal diseases." — E. A. Woelffer, D.V.M.

Right — Browndale Count, used during the period from 1919-1928. Calves sired by him won first prize in get-of-sire classes everywhere in 1926, 1927 and 1928. His contribution to the breed is commemorated by a monument at Edellyn Farms and by the performance of his progeny.

Although this is a sale catalog and in no sense a history of Edellyn Farms (such a treatise must occupy a complete volume of its own), nevertheless, certain phases of Edellyn Shorthorn history must be covered because of the relationship to this sale offering. Through the use of eight internationally known sires and their sons, dynasties have been built that have brought improvement to Shorthorns and Polled Shorthorns all over the world with resultant fame to Edellyn. Pictures of these sires and brief outlines of their records appear on following pages. Their names will remain revered and treasured forever.

# Edellyn Herd Bull History

## CALROSSIE MERCURY

The purchase of Mr. R. L. P. Duncan of Scotland of the 1939 Perth supreme champion Calrossie Mercury on the order of Mr. Thos. E. Wilson, saw the beginning of a new era for the Shorthorn breed in North America. A magnificent individual, he was the only bull to defeat his famous sire, Calrossie Control. Mercury was a tremendous sire. A son in Scotland became the 1941 Perth champion and later he in turn sired a Perth champion. The success of the Mercury line in North America is too well known to require any elaborate detail here but some of his most famous sons deserve special mention. Edellyn Modern Mercury, a great sire in the F. S. Davidson herd in Ohio; Edellyn Campeon Mercury, undefeated in the showyard and a tremendous breeder at Sni-A-Bar, sire of many champions including Sni-A-Bar Control; Edellyn Peerless Mercury, the great sire at Curtiss Candy Farms; Edellyn Valiant Mercury, a great breeder in the Gregg herd, and his two great breeding sons used at Edellyn, Edellyn Diamond Mercury and Edellyn All-Star Mercury. The latter sired Edellyn Choice Mercury and Edellyn Banker Mercury, used extensively in the herd. In all, the top 50 bulls of the Mercury line sold from Edellyn have averaged \$2,898. His daughters and granddaughters have proved wonderful brood cows, being great milkers and prolific breeders of beautifully fleshed cattle.

**EDELLYN ALL STAR MERCURY**

This son of Calrossie Mercury and the great show cow Edellyn Flossy Shane 4th, was used with great success. Thirty sons and daughters sold for an average of \$2,655. He sired Edellyn Rosewood 65th that sold for \$10,000, record price for a Shorthorn female; Edellyn Prig Mercury, reserve junior champion at the American Royal and first prize senior calf at the International and sold for \$15,000; and the American Royal, Iowa, Illinois, and Wisconsin State Fair champion Edellyn Banker Mercury; and the great breeding Edellyn Choice Mercury, sire of the 1957 International senior champion female.

**EDELLYN ROYAL LEADER**

In 1939 the beautiful heifer Coldoch Bonny Rothes which had been reserve female champion at the Scottish Highland Show was purchased by Edellyn. Before shipment she was bred to Coldoch Sensation. The resultant calf, Edellyn Royal Leader, was to take his place along side of Browndale Count and Calrossie Mercury as the greatest sire of his day in North America. A great individual, he was an even greater sire. His sons, grandsons and great grandsons have headed or are heading many of the good herds in the United States. His daughters and granddaughters are wonderful females. His record as a sire is well known everywhere Shorthorn cattle are bred. He was sire of many great bulls including Edellyn Royal Leader 2nd, the bull whose contribution to Polled Shorthorns has been greater than any other sire. Edellyn Royal Leader 10th, a great sire at Ohio State University; Edellyn Royal Leader 19th, a great breeder in the Dr. Donahoe herd; Edellyn Royal Leader 23rd used with great success at Edellyn; Edellyn Royal Leader 33rd, a great breeder in the McCanless herd; Edellyn Royal Leader 37th produced many high priced animals for Hi Ho Farms, and many others. Three sons were grand champion and high selling bulls at the 1944-45 and 56 Congress sales, while Edellyn Royal Leader 83rd sired the 1952 International grand champion steer, Ohio Leader 2d. His daughters on the level are great cows and splendid breeders and milkers. Several of them sell.

### EDELLYN ROYAL LEADER 23RD

This son of Edellyn Royal Leader and Edellyn Jealousy 3rd by Calrossie Mercury was retained for use at Edellyn. He was probably the greatest breeding son of his famous sire. His gets won many prizes including first prize get-of-sire at the 1950 International, the 1951 National Shorthorn Show, the 1951 Illinois, Indiana and Wisconsin State Fairs. Twenty-eight sons and daughters sold in Edellyn sales averaged over \$2,500. His greatest son, Edellyn Royal Leader 114th, was retained for use at Edellyn.

### EDELLYN ROYAL LEADER 114TH

This son of Edellyn Royal Leader 23rd was probably the best individual of the entire Royal Leader line. His dam was the great cow Edellyn Bonny Rothes. He won many prizes including the grand championship at the National Shorthorn Show at Omaha, the American Royal, the Iowa, Indiana, and Wisconsin State Fairs. He was a good breeder of both bulls and females, his daughters being particularly outstanding. One of them, Ringwell Orange Talisman, won the grand championship at the 1953 International Live-stock Show. Twenty of his sons and

daughters have averaged \$1,970 in Edellyn sales. Unfortunately, he broke a leg and was used for only two seasons. His best daughters were retained and sell in the sale.

### BEAUFORT BULLDOZER

One of the greatest living sires of the Shorthorn breed. He was purchased for \$15,000 from the famous Beaufort herd, where he was used for one season before being sold to the Edellyn and Almahurst herds. His sons head leading herds in Argentina, South Africa, Australia, England and Scotland. Among his most famous sons are Beaufort Brisket, sold to Australia for \$10,800; Beaufort Brave Baron, sold to Argentina for \$10,200; Beaufort Commodore, withdrawn at Perth sale at \$17,700 for use at Beaufort; Beaufort Chevalier, sold to the Aldie Herd for \$8,700 and recognized as one of Scotland's leading sires. His seven sons sold in Scotland have averaged \$7,900. Beaufort Bulldozer was leading sire at Perth sales in 1955. In 1954 at the Royal Highland, Scotland's leading Shorthorn show, a son won the junior championship, while a son and daughter won the Bullrich Cup for the best pair. At the 1956 Royal Highland Show a son was senior and grand champion, while a grandson Beaufort Captive, won the junior championship. At the Perth sales in 1957 two grandsons were sold for \$3,300 and \$12,000, winning first and third prize in class. At the 1958 Perth sales his grandsons won a first and two seconds.

The females by him in the Beaufort herd are considered as good as any in Scotland. In America he has been equally successful. Thirty of his sons and daughters have been sold at an average of \$2,334. In 1954, his first bull calf born in the United States, Ringwell Lodestar, won the junior and grand championship at the International, while his daughter, Edellyn Clara Belle 3rd, won junior and grand championships for females. In 1955 only three calves were sold. They averaged \$2,300 in the Edellyn sale. His daughter, Edellyn Dorothy 34th, won the reserve grand championship at the National Shorthorn Show at Des Moines, and grand champion at the Wisconsin State Fair, while a son was reserve champion bull at the International Congress sale. His daughter, Fontana Clipper 2nd, was grand champion female at Denver and another daughter Edellyn Dorothy 34th, was reserve grand; his sons won second and third for senior bull calves, and first for

junior bull calves. His daughter Almahurst Clipper 2nd, sold for \$5,500 to Lynnwood Farms, being the top price paid for a female in the U. S. A. At the Reford Gardhouse sale the top price was got for a granddaughter, while at the Les Mathers sale the top priced bull, Leveldale Oberon, was a grandson. He sold for \$13,200, top priced bull in the U. S. A. in 1957, while his son, Ringwell Lodestar, was sold by private treaty to the University of Kentucky for \$10,000. #### CRUGGLETON GUTHRIE

This beautifully bred son of Cruggleton Braemar was purchased in the A. J. Marshall dispersion sale in 1952 for the top price of 4,000 gns. He proved a great sire. His calves have made a record in Scotland, Argentina and in the United States. He sired many great bulls in Scotland including the 4,400 gns. Cruggleton Pirrett, now stock bull in the great Lone Star Herd owned by R. E. Smith, Houston, Texas; Beaufort Cuptie, purchased by Saltoun for \$12,900 at Perth in 1955; Beaufort Crossbow, first prize Perth calf sold for \$11,100, and many other good bulls. However, it is through his daughters that his real value has been established. They have and are proving great breeders. Many of the top cows in Scotland are sired by him. Unfortunately, we got only a few calves by him as he died after one season. His daughters who sell are outstanding. Twelve of his daughters were sold in previous Edellyn sales — they averaged \$1,795.

#### The Bonny Rothes Family

This branch of the famous Queen of Rothes family was introduced to Edellyn

with the purchase of the reserve champion female at the 1939 Scottish Highland Show — Coldoch Bonny Rothes. This cow and the calf she was carrying, Edellyn Royal Leader, proved the purchase to be one of the most important importations ever made to North America. Edellyn Royal Leader proved one of the greatest breeding bulls of all time. Coldoch Bonny Rothes and her daughter and granddaughters have proved tremendous breeders. Practically all were retained in the herd, the exceptions being Edellyn Bonny Rothes 9th and 10th sold to Joseph Zuro for \$3,000 and \$2,500 respectively. The latter was grand champion bull at Wisconsin, Iowa, and Indiana State Fairs, the American Royal and the National

Every great sire inherits one-half of his superior breeding ability from his dam, one-half from his sire. This is a picture of Edellyn Royal Leader, one of the breed's landmark sires, and his dam, the great Edellyn brood cow, Coldoch Bonny Rothes. This cow founded a famous family at Edellyn and six of her female descendants are included in this dispersion. Two of them are her daughters, Lots 31 and 89.

## *Beaufort Bulldozer . . .*

*famous as a sire the world over*

Seven sons sold at auction in Scotland have averaged \$7,900.

His first son calved in North America was the 1954 International grand champion bull and supreme champion of the show.

His first daughter calved in North America was the 1954 International grand champion female.

Two of his daughters won the grand and reserve grand championships at the 1956 Denver Show.

**Edellyn practices calfhood vaccination regularly, hence no mention is made of the fact in the individual descriptions appearing in this catalog.**

The stuff that champions are made of. Lying on the ground is the famous Beaufort Bulldozer. In the far background is his maternal sister, Beaufort Orange Talisman, in the center is Ringwell Orange Talisman, her daughter, sired by Edellyn Royal Leader 114th. This sensational heifer was female grand champion and supreme champion Shorthorn at the 1953 International. That same year Beaufort Bulldozer was mated to Beaufort Orange Talisman and the resulting calf, Ringwell Lodestar, was made grand champion bull at the 1954 International as a junior calf

Again we remind readers that this is a sale catalog and not a history of Edellyn Farms. Neither can we possibly present a pictorial record of the hundreds of show ring champions and first prize winners that have been produced over the years in the Edellyn Herd. Certain winners of the past few years are included among the sale animals or are closely related to them, hence only a few are pictured on following pages. It should be understood that space limitations made it impossible to do more than hit the high spots.

Edellyn Clara Belle 3rd, grand champion female, shown at the left in this picture, will sell as Lot 46 in this sale. Her son, Edellyn Superb Mercury, sells as Lot 6. Ringwell Lodestar, grand champion bull, at the right, proved a great sire at Ringwell Farms. He was recently purchased by the University of Kentucky at \$10,000.00.

Working their way to the top at the 1954 International, one of the strongest shows in Short-horn history, were the first two calves sired by Beaufort Bulldozer that were born in this country. Nothing could stop them. The bull was named grand champion and supreme champion of the show. The heifer went on to win the female grand championship. Never before had a son and daughter of the same sire, both junior calves, won both championships at the great International Live Stock Exposition.

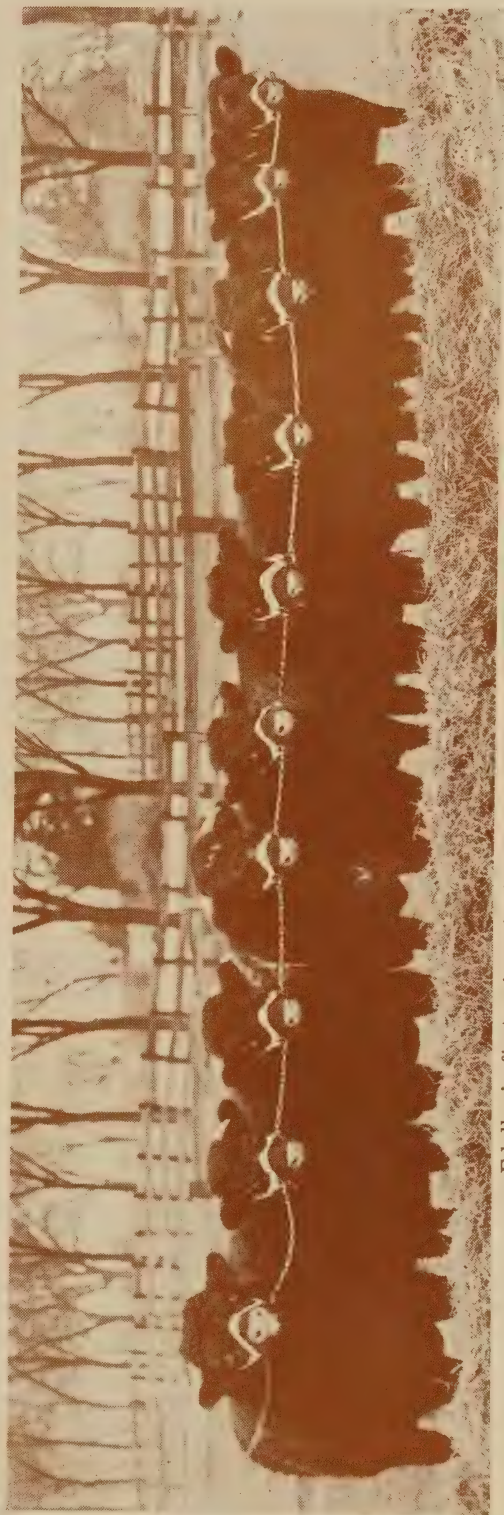

Best ten head at the 1950 International and National Shorthorn show, exhibited by Edellyn Farms.

Consistency is the measure of performance by which any breeding herd must be judged. Think of the parade all the Edellyn show cattle through the years would make. It's a potent pattern you can count on to put your herd on top.

## *Consistency—*

Edellyn's first prize winning ten head group at the 1954 American Royal.

The junior get-of-sire by Edellyn Royal Leader 114th. First at Iowa, Wisconsin and the American Royal in 1954.

This get of Edellyn Royal Leader 23rd placed first at the 1951 American Royal, the National Shorthorn Show and at many state fairs that year.

(Left) — First prize pair of calves at the 1954 American Royal. Both by Edellyn Royal Leader 114th. Left, Edellyn Royal Leader 185th, purchased in the 1955 Edellyn sale at \$1,500 by Johnson Bros., Atlantic, Iowa. Right, Edellyn Princess Bobbie, sells in this sale as Lot 87.

The grand champions of the 1951 American Royal, Edellyn Royal Leader 114th and Edellyn Princess Royal 27th. Both are out of Edellyn-bred Royal families and both were sired by Edellyn Royal Leader 23rd. Five other members of the famous Edellyn Princess Royal family are selling in this sale.

(Left) — Edellyn Jilt 16th, the famous champion that sells as Lot 36 in this sale. This daughter of Edellyn Choice Mercury was the first prize senior yearling and senior champion at the 1957 International. She had also been the grand champion at the 1956 and 1957 Wisconsin State Fairs. Posed with this beauty are Minnesota Lassie Queen, Karen Thurston, International Lassie Queen Lois Evins, and Edellyn's veteran herdsman, Harry Ackerman.

This composite picture of top selling animals in the 1953 Edellyn sale is interesting because of its relationship to animals selling in this dispersion. Front row, left to right: Edellyn Royal Leader 149th, used with success in the herd, (his dam sells at Lot 142); Edellyn Clipper 54th, sold to Lynnwood Farms, (her sister sells as Lot 34 and Lot 21 is from the same great family) Edellyn Prig Mercury, sold to R. E. Smith, (his dam sells as Lot 135.) Back row, left to right: Edellyn Princess Royal 37th, sold to R. E. Smith (five females of this family sell); Edellyn Royal Leader 156th, sold to R. E. Smith (his sister sells as Lot 32); Edellyn Orange Blossom 87th, sold to R. E. Smith (from the same family as Lots 44 and 63); Edellyn Beauty 32nd, sold to R. E. Smith (dam sells as Lot 90); and Edellyn Orange Blossom 89th sold to Maclyn Plantation (same family as Lots 44 and 63).

These two models of bovine beauty are half sisters, both sired by Beaufort Bulldozer. At the left is Fontana Clipper 2nd, held by Fred McWilliam, grand champion female at the National Western Stock Show for Joseph Zuro, Fontana, Wisconsin. Harry Ackerman, far right, holds Edellyn Dorothy 34th, the reserve grand champion at the National Western for Edellyn Farms. Allan Atlason and Major H. H. Allen look on. Fontana Clipper, from the same dam as Fontana Clipper 2nd, sells as Lot 48 in this sale and four female members of the Edellyn Dorothy family are selling.

Beaufort Bulldozer, famous as a sire the world over, was imported from Scotland under the joint ownership of Thos. E. Wilson and Henry Knight. Since this partnership has been settled on a private treaty basis, Beaufort Bulldozer will not be sold in this dispersion. However, his influence on this sale offering is very great. Pictures of a few of his famous calves appear on this and following pages.

(Right) — Fontana Clipper 2nd, grand champion at the 1956 National Western Livestock Show in Denver, and supreme champion at the 1956 Chicagoland Show. She is owned by Joseph Zuro, Fontana, Wisconsin. Just another of the beautiful daughters of Beaufort Bulldozer.

(Left) — Almahurst Bandmaster, a very good son of Beaufort Bulldozer that was purchased at \$3,000 by the Browns of Kentucky where he is proving a great sire.

(Right) Edellyn Clara Belle 3rd by Beaufort Bulldozer, junior and grand champion female at the 1954 International. She sells in this sale as Lot 46 carrying the service of Bapton Craftsman. Her last bull, Edellyn Superb Mercury that will sell as Lot 6 may be the top bull in this dispersion.

## *In Polled Shorthorns, too . . .*

The introduction of Edellyn blood has resulted in top show winners.

(Left) — One of the first sons of Edellyn Royal Leader to be offered for sale was Edellyn Royal Leader 2nd and he was purchased by the late H. L. Straus. Through his use in the great Cherry Hill herd he made a contribution to the Polled Shorthorn breed that has never been equalled by any other sire. His descendants are the tops of the breed today.

(Left) — Cherry Hill Royal Oak x, a son of Edellyn Royal Leader 2nd that won reserve grand championship at the International and made Polled Shorthorn history in the Carona herd at DeKalb, Illinois. He is now owned in partnership by John Huff and Dr. Hebb of Maryland.

Cherry Hill Royal Leader x, grand champion Polled Shorthorn bull, 1949 International. Owned by Avenel Farms, Maryland, where he has made a great record. He is by the greatest Polled Shorthorn improver of all time, Edellyn Royal Leader 2nd.

(Right) — Carona Fascination, owned by Lynnwood Farms and directly descended from Edellyn Royal Leader 2nd. Reserve grand champion, 1952 International and great sire of champions, including the 1954 International grand champion bull as well as of the first prize senior and junior gets at both the 1955 and 1956 Internationals.

(Left) — L F Fascination x, grand champion Polled Shorthorn bull at the 1954 International. Another direct descendent of Edellyn Royal Leader 2nd. He was bred by Landen Farms, Ohio, and is now owned by Tulleevein Farms in Ohio.

Edellyn Yankee Mercury sold to Hi Ho Farms, Maryland, at \$4,100 in 1951. Has sired many top calves, including the record price Polled Shorthorn female at \$5,600 sold to George Arrowsmith, Md.

Lynnwood Leader, a son of the great Edellyn Royal Leader 2nd that has been used with great success at Lynnwood Farms in Indiana. Another direct descendant of Edellyn breeding.

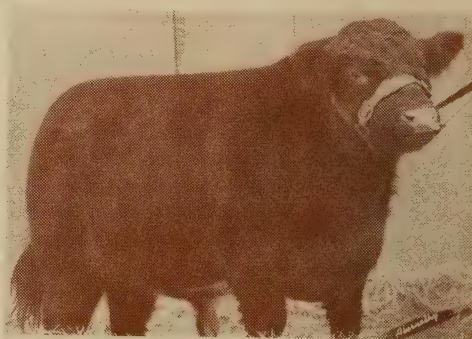

(Left)— Thos. E. Wilson, left, and Chas. J. Lynn, founder of Lynnwood Farms, pose with Almahurst Clipper 2nd by Beaufort Bulldozer. This heifer was purchased in the Edellyn sale by Lynnwood at \$5,500, the sale's top and the top prize for a Shorthorn female for that year. An example of the kind of Shorthorn females being used to improve the polled branch of the breed. Her dam is a full sister to Lot 34 in this dispersion.

Each year we are happy to see at the Edellyn sale an increased number of Polled Shorthorn breeders. They have purchased a number of our top animals. Study the top sale and show winnings and see how many of the best Polled Shorthorns descend from cattle purchased at Edellyn by progressive Polled Shorthorn breeders.

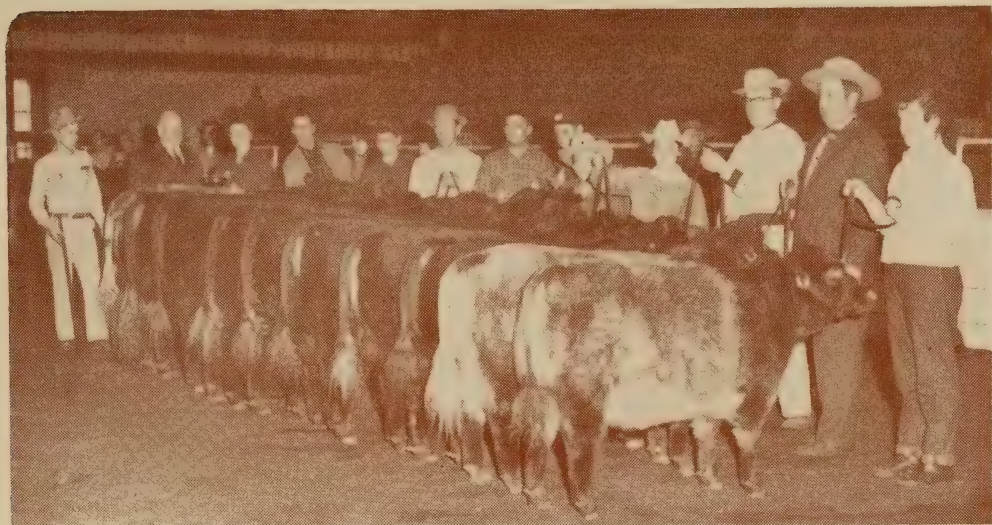

Edellyn Maud 15th. Avenel Farms, Maryland, bought this daughter of Edellyn Royal Leader 114th in the 1953 Edellyn sale at \$2,300. She produced Avenel Max Leader x, right. Her dam sells in this sale as Lot 138.

Avenel Max Leader x, second prize summer yearling bull at 1957 International for Avenel Farm. He was out of Edellyn Maud 15th, the great heifer pictured at the left.

Best ten head of Polled Shorthorns 1955 International exhibited by Lynnwood Farms, Carmel, Indiana. Many members of this group traced directly to Edellyn breeding.

Second best ten head of Polled Shorthorns, 1955 International, exhibited by Ray and Gerald Clodfelter, Greencastle, Indiana. This group also contained many members that traced directly to Edellyn breeding.

(Left) — Edellyn Myrtle 23rd, another Edellyn heifer that went to improve a Polled Shorthorn herd. She was purchased at \$2,300 by Henry and Walter Dilatush of Tennessee. Her dam will sell in this dispersion as Lot 135.

## *What sort of people own Edellyn Bulls?*

Nearly six hundred of them have been sold through the thirty-three annual Edellyn auctions. The records of these bulls would fill a Shorthorn history, a history that could serve as the breed's best guide to the most dependable sources of supply for approved seed stock. Not all of them have gone to big breeders who have learned from experience that Edellyn bulls keep them at the top. Over half of them have gone to small breeders who are on their way to the top and to ranchers and farmers who know that Edellyn bulls will pay for themselves through premium prices when the calves go to market. Always they are bought by cattlemen who know the score — men who are alert to the value of inheritance and who refuse to be satisfied with the ordinary. As the years roll on, even greater security goes along with each Edellyn bull. The lines of blood that brought about such consistent breed improvement ten, fifteen and twenty years ago are still there — but new blood has been added to make today's Edellyn bulls better in quality, surer in performance. There is no substitute for experience in the breeding of improved live stock. The thirty bulls to be offered in the 1958 Edellyn Dispersion, featuring blends of the blood of Beaufort Bulldozer, Balbithan Emperor, Calrossie Mercury and Edellyn Royal Leader, provide greater assurance than ever before of top quality in the herds of those far-sighted breeders who will use them.

A corner in the trophy room in Thos. E. Wilson's home at Edellyn Farms. The picture shows the ribbons and trophies won in one year of showing.

Exhibiting at major shows and fairs has been an important part of the Edellyn program and the blue and purple ribbons won each year have provided conclusive proof that the Edellyn type is the RIGHT type. Of even greater importance, however, have been the honors awarded to Edellyn customers. These have proved the real worth of Edellyn seed stock. The records indicate clearly that no herd in North America has produced a greater number of successful sires for other breeding establishments.

On following pages will be found the bulls to be included in this dispersion. The first eight are famous herd bulls that are presently in service. The next seventeen are younger bulls that were being developed for the 1958 annual sale. Eight other bull calves that are cataloged with their dams should not be overlooked — they are Lots 27B, 28B, 53A, 55A, 81A, 120A, 123A and 136A. A total of 33 bulls will sell. As always in the past they will go to cattlemen who have learned that there is no substitute for experience in the breeding of improved livestock.

Balbithan Emperor, famous imported sire that will sell in this dispersion. See Lot 1.

EDELLYN BRAVADO — This very rugged, grand headed bull is a full brother to Edellyn Broadarrow, top selling bull at the 1957 sale at \$3,100, that is proving a great sire. We had only a few calves by him but they were fifth prize get-of-sire in Chicago. His dam, Edellyn Broadhooks 37th, is one of our best breeding cows. She sells as Lot 62.

No herd has produced bulls that exerted a greater influence in the production of the grand champion steers. The 1945 and 1952 International grand champion steers were sired by Edellyn-bred bulls and the 1947 International grand champion was by a son of an Edellyn-bred bull.

Ohio's Leader 2nd, grand champion steer over all breeds, 1952 International Live Stock Exposition. Sired by Edellyn Royal Leader 83d

To maintain Edellyn's position as the nation's greatest improver of beef cattle, carefully selected females have gone back into the herd each year. Those pictured above are now mature cows and will sell with their calves in this dispersion. From left to right they are: Edellyn Xmas Eve by Cruggleton Guthrie (Lot 86); Edellyn Broadhooks 46th by Balbithan Emperor (Lot 129); Edellyn Princess Bobbie, senior champion Illinois State Fair by Edellyn Royal Leader 114th (Lot 87); Edellyn Clara Belle 3rd, grand champion International Livestock Show by Beaufort Bulldozer (Lot 46); and Edellyn Broadhooks 47th by Beaufort Bulldozer (Lot 56).

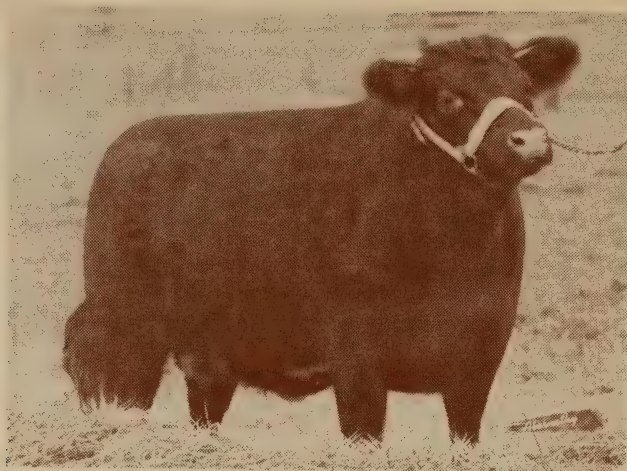

Groups like this may be found in every Edellyn pasture. At the left is Edellyn Clara Belle 3rd, the daughter of Beaufort Bulldozer that won the junior and grand championship of the 1954 International. She will sell in this sale as Lot 46. The calf beside her is the great bull Edellyn Superb Mercury that will sell as Lot 6. In the center is Edellyn Clipper 55th. This daughter of Edellyn Royal Leader 114th is now dead but the calf standing beside her, Edellyn Clipper 63rd, will sell as Lot 42. The cow on the right is Anoka Augusta 102nd by the International grand champion Scotsdale Bombardier. She will sell as Lot 55B. The red bull calf beside her will sell as Lot 10.

A careful study of the pedigrees in this catalog is vital to any person who has the desire to breed better Shorthorns. The female families that produced these cattle are noted for their prolificacy and dependability. The bulls that sired these cattle are famous wherever Shorthorns are known. Those who buy the superior individuals that make up this sale offering may feel certain that greater recognition will come their way — for these are the kind of cattle that will lift any breeder out of the ranks of the ordinary.

**PLEASE NOTE** — Many of the females that are pictured in this catalog were photographed when they were calves or yearlings. Most of them are now mature cows selling with their calves or heavy in calf.

(Left) Edellyn Butterfly 18th, as she looked when she won first prize in the junior yearling class at the 1957 International and junior champion female at the 1957 Iowa State Fair. This daughter of Beaufort Bulldozer will sell as Lot 26.

**EDELLYN CLARA BELLE 3RD**— This daughter of Beaufort Bulldozer is probably the most valuable female to sell for many years. She is a magnificent individual and a great breeder. She was unbeaten in the show ring as a junior heifer calf, winning the grand championship at the International in 1954 when 10 months old. Her first calf, Edellyn Silver Mercury, was in our 1956-57 show teams and was sold to Sumption Bros. for a high price. Her second calf, Edellyn Superb Mercury, is perhaps the best bull bred at Edellyn in recent years. He was shown at an age disadvantage in the last International and stood third in a class of 27 entries. He was to be kept for a stock bull, but sells in this dispersion as Lot 6. Bred to Tolquhon Keynote on December 20, 1957, examined and pronounced pregnant.

(Above) Four of the heifers in this picture have been sold or are dead. All of the balance are now young cows and will be included in this dispersion. Where can you find better foundation females?

(Left) Two of the heifers shown were included in the 1955 Edellyn auction but the balance went back into the herd. They are now young cows and most of them are included in this sale. In the group are daughters of Beaufort Bulldozer, Cruggleton Guthrie, Edellyn All Star Mercury, Edellyn Prig Mercury and Edellyn Royal Leader 114th.

The Edellyn pattern is the pattern that careful breeders prefer to follow. Although the heifers shown above are by five different bulls, the pattern remains fixed. It is a "locked-in" pattern.

For nearly half a century Edellyn has worked to perfect a pattern. Regardless of which Edellyn sire is used, the pattern is consistent. The uniform heifers shown above are by three different Edellyn herd bulls. These heifers were sold in a former auction but their dams and sisters are included in this dispersion.

# *A word about performance tests*

Performance tests are the demand of the day. They are recommended by all experts as the safest guide in the selection of correct seed stock.

Do you realize that performance tests are nothing new for Edellyn Shorthorns? Such tests have been going on all over North America year after year in the herds of hundreds of breeders who have bought Edellyn bulls and females. There is an Edellyn performance test in some herd near you. If you will visit this herd you will find the test to be convincing. And if you will visit a lot of such herds, you will find that those who have made use of Edellyn blood have gradually worked toward positions of leadership in the production of prize winners and top sellers.

Edellyn has perfected a consistent winning pattern. This pattern, locked into Edellyn productions over a period of forty years of breed leadership, carries its prepotence into the productions of Edellyn customers.

The descendants of Edellyn sires are sought after by good cattlemen everywhere. With the knowledge that calves by Edellyn bred bulls consistently sell at the top of state and national sales, the Edellyn buyer can invest with greater confidence of return.

Because Edellyn bulls and females accomplish so much for their owners and the investment can be spread over so many descendants, the original price seems insignificant.

GLENBURN GOLDIE PEARL.—A nice red daughter of Robinwood Colonel. She sells bred to Louada Grand Duke.

The task of writing descriptive footnotes for this catalog has been difficult. Of necessity we had to be brief and brevity is not easy when so much history lies behind each animal. As an example, the show ring and production history of the last cow in this catalog would fill a couple of pages but it had to be boiled down to a few lines. In all cases we have refrained from glowing descriptions of individuality in favor of factual information regarding production records. We know this is the way good cattlemen would want it.

Edellyn Dorothy 21st, reserve champion female at the 1956 International and the foundation cow of a great family. She sells as Lot 156, her daughter sells as Lot 51, a son sells as Lot 7, a granddaughter sells as Lot 53B, and three grandsons sell as Lots 16, 53A and 81A.

EDELLYN DOROTHY 21ST — This daughter of Edellyn Royal Leader won the reserve grand championship at the 1946 International Live Stock Show after which she became one of the greatest brood cows ever in production at Edellyn. Her descendants that have sold previously would total many thousands of dollars. Still left to sell in this dispersion are a daughter (Lot 51), a son (Lot 7), a granddaughter (Lot 53B), and three grandsons (Lots 16, 53A and 81A).

## *Get the most out of your trip*

We want you to get the most out of your visit to Edellyn. By all means, plan to arrive on Sunday, June 1st. With such a large number of cattle, a leisurely inspection will be important and this will not be possible if you wait until Monday morning. On Sunday evening we are all invited to inspect the great herd at Kickapoo Farms and to be the guests of Mr. and Mrs. Stanley Harris at a barbecue supper.

The Edellyn sale will start promptly at 9:30 a.m. Central Daylight Time (8:30 a.m. Central Standard Time) on Monday, June 2nd. The cattle will be sold exactly as they are cataloged and selling will be continuous throughout the day until all animals are sold. A lunch counter will be located convenient to the sale pavilion and, since the selling order is clearly defined, guests may leave the sale pavilion for sandwiches and coffee whenever the spirit moves them.

An average interval of three minutes has been allowed for the selling of each animal and we expect the sale to be concluded by 4:30 p.m.

The crowd will then immediately adjourn to Marellbar Farms (only two miles from Edellyn) for an inspection of that famous herd and the Marellbar-Kickapoo sale offering. A Shorthorn get-together and supper follows with Wm. Bartholomay, Jr., owner of Marellbar Farms as host. We are all invited.

And don't forget that a beautiful offering of cattle has been provided by Marellbar Farms and Kickapoo Farms for the sale on Tuesday, June 3rd.

## *Important*

Arrangements should be made in advance for hotel accommodations for the nights of Sunday, June 1 and Monday, June 2. We will be glad to make these reservations for you if you will let us know the number in your party and the kind of accommodations you want (hotel or motel). Contact Fred McWilliam, manager Edellyn Farms, Wilson, Illinois (Phone Majestic 31467 through Waukegan) or Hal Longley, Sale Manager, 16 South Locust Street, Aurora, Illinois (Phone Aurora 6-8511).

# Thomas E. Wilson, 90, Dies; Meat - Packing Firm Head

N.Y. HERALD-TRIBUNE 8/6/58

WAUKEGAN, Ill., Aug. 5 (UPI). — Thomas E. Wilson, ninety, board chairman of the meat packing firm of Wilson & Co., died at Edellyn Farm, his summer home near here, last night.

Mr. Wilson entered the meat industry in 1887 as a car checker in the Chicago stockyards. By 1913 he had worked his way up to president of Morris & Co., a meat-packing firm.

He switched jobs three years later to head another packing firm, Sulzberger & Sons, which later the same year was renamed Wilson & Co. He became chairman of the board in 1934.

At the Edellyn Farms, Mr. Wilson owned a prize herd of shorthorn cattle. He also owned a 20,000-acre ranch near Chuchillo, N. M., where studies were conducted in livestock improvement. He was one of the top men in the formation of the National Livestock and

Meat Board in 1922, a board which succeeded in settling ill-feeling between cattle producers and meat packers.

He headed for many years the meat institute's planning commission and aided in establishment of a meat-research laboratory at the University of Chicago in 1925.

Mr. Wilson was a long-time supporter of 4-H clubs and sponsored activities of the national organization.

Surviving are his wife, Elizabeth; a daughter, Mrs. Helen Williams, of Chicago's suburban Kennilworth, and a son, Edward F. Wilson, United States Assistant Secretary of Health, Education and Welfare.
